Create an Account

Visit secure.encartele.net/account/create and fill out all the required fields. Make sure you select the correct facility and enter accurate information. When creating a pin, use any four digit number combination. Once all fields have been successfully filled out, click the green Create Account button.

Email Confirmation

When you finish creating an account you will be sent an email where you must confirm your account. Once confirmed you can login to your customer account and begin managing funds.

Depositing Funds

In order to deposit funds into your customer account, login and click the green deposit button underneath your name on the customer dashboard. Select the desired amount you wish to deposit, enter your payment method, and complete your deposit.

It's that simple!
