Integrated Roadside
Vegetation Management

Dallas County Road Department
415 River Street
Adel, IA 50003

NO SPRAY Request Form

Name: _____ Phone: _____

Address: _____

City/State/Zip: _____

I request that the Dallas County Road Department not apply any herbicides to the right-of-way adjacent to the property I hereby designate.

Areas That Are Not To Be Treated

(Please be as specific as possible, feel free to include an illustration of the area on back)

County Road _____ Side of Road N, S, E, W

From _____

To _____

County Road _____ Side of Road N, S, E, W

From _____

To _____

I will post the above areas with NO SPRAY signs at **both ends**. The signs will have a minimum of 3-inch letters on a contrasting background with arrows pointing “in” towards the designated area. Also, the signs will be placed 5-feet above the ground and have an unobstructed view from the road.

I understand that by requesting that no herbicides be used in this area, I am now responsible for the vegetation control in the right-of-way, including: brush, trees, and noxious weeds (as listed in Section 317, Code of Iowa).

If, upon inspection by Dallas County Road Department staff, the vegetation is found to be improperly managed, we reserve the right to spray the affected area.

This is a long-term agreement and must be renewed every five years.
